College Career Pathways 2022 offers students the opportunity to meet with a variety of colleges, universities, technical institutes and branches of the military— as well as potential employers from the business and industrial sector— on a one-on-one basis, enabling them to gain further insight into realizing their potential in today’s workforce.

The State of Our Children Conference will bring together, teachers, professionals, community partners, parents, homeschoolers, and concerned citizens in a post Covid world to share data, dialogue, and exchange real-world, implementable solutions aimed at increasing successful completion for all students in the K-16 education pipeline.
